ABOUT ME

As a dynamic non-union talent with a chemistry degree, I blend analytical prowess with creative flair. From lead roles in "Supa Man" and the Tokyo Summer Olympics #WeWill2021 campaign to commercials for notable brands like Fresh Express and Chevrolet, I bring authenticity and passion to every project.

With experience as a production assistant for "Rags to Riches" and a background in dance, acting, and voiceover training, I'm well-prepared to excel both on and off-camera. With assertiveness and professionalism, I'm ready to contribute to your production team with enthusiasm and dedication.
